Coffee

We use one of London's finest suppliers for our coffee beans - Monmouth. The beans are described as toasted almonds with smooth body and a balanced fruit acidity. The coffee blend uses Fazenda do Sertao (Brazil) as the base of the espresso, adding Cafe Vereda Palestina (Columbia) for high notes and complexity and Finca Las Nubes (Guatemala) for a hint of cocoa.

We serve a 50ml shot as a standard measure for Cappuccinos and Lattes, if you would like it stronger or weaker, please just ask. Our Filter coffee is made from Italian fairtrade espresso beans.
